Letter

Dear Selection Committee,

Capitol Commercial Builders is pleased to submit our qualifications for the Riverside Medical Office Campus. While our primary specialty is commercial office and corporate interiors, we have meaningful experience adjacent to this scope and have invested in growing our capabilities in this market.

Our team brings strong local knowledge, an established subcontractor base in Austin, and a competitive bid backed by long-standing trade relationships. We respectfully ask the committee to consider our proposal alongside the specialty firms competing for this work.

Sincerely,

Jordan Walsh, President
