Letter

Dear Selection Committee,

Pedernales Custom Homes & Renovations, Inc. is excited to submit our company for consideration on the Riverside Medical Office Campus project. While our background is in custom single-family residential and high-end residential remodels, we are a hungry, hands-on team that is eager to expand into larger-scale commercial work. Our pricing is highly competitive and our local presence is unmatched.

We are confident that our energy and competitive bid will allow us to bring this project in for less than the larger firms competing.

Sincerely,
Wesley Burnham, Owner
